6. **ADMINISTRATIVE ITEMS.**

6.A. [State of Florida Department of Transportation – Utility Work by Highway Contractor CRA Funding Request – SR 600 \(International Speedway Blvd.\) Halifax River Bridge to SR A1A \(pp. 5-11\)](#)

**Resolution** authorizing funding for utilities relocation improvements associated with the FDOT roadway widening of East International Speedway Boulevard, from the Halifax River Bridge to SR A1A in the amount of \$1,500,000. The purpose of this item is to provide funding for the utility work by highway contractor agreement with the FDOT for the necessary relocation of existing utility lines within the roadway widening project limits for SR600 (International Speedway Blvd.) from Halifax River Bridge to SR A1A. FDOT is requiring that certain existing utilities be relocated to avoid conflicts with proposed underground improvements planned for the SR600 corridor. It is in the city's best interest to use the same contractor to perform the utility relocation construction that is also performing the roadway construction.

FDOT is requiring that the City provide funding for construction prior to the FDOT bidding process. The final utility relocation construction cost incurred by the City will be based on the bid provided by the contractor selected by FDOT. Funds are available in Main St CRA 2020 Loan Fund.

Recommendation: Utilities Director and the Redevelopment Director recommend adoption of the Resolution.
