

FINAL PUBLIC NOTICE

The Federal Emergency Management Agency (FEMA) has received the subgrant application for the City of Daytona Beach's Main Street Pier repair due to damages in Hurricane Matthew (DR-4283-FL PW 00889). Pursuant to Executive Order 11988 and 44 CFR Part 9.12, final notice is hereby given of FEMA's intent to provide funding for this project under the Public Assistance (PA) Program.

An initial disaster-wide Public Notice was published November 21, 2016 for Hurricane Matthew. Comments and other information received were fully evaluated by FEMA along with evaluation of social, economic, environmental, and safety considerations. This notice serves as a project-specific final notice for FEMA's funding action located within the floodplain.

Funding for the proposed project will be conditional upon compliance with all applicable federal, tribal, state and local laws, regulations, floodplain standards, permit requirements and conditions. This action complies with the National Flood Insurance Program (NFIP) requirements.

- Responsible Entity:** FEMA Public Assistance (PA) Program
- Applicant:** City of Daytona Beach
- Project Title(s):** PA-04-FL-4283-PW-00889; DAGRH09 - Pier - Marinas, Parks and Municipal Stadium
- Location of Proposed Work:** GPS: (29.227363, -81.005749)
- Floodplain:** Project is located in the VE Zone, otherwise known as the Coastal High Hazard Area, per Volusia County FIRM Panels #12127C0357J dated 9/29/2017.
- Proposed Work and Purpose:** The City of Daytona Beach made repairs to the Main Street Pier, including replacement of decking, railings, exterior siding, and plumbing pipes as a result of Hurricane Matthew. All work for this project was performed above water to surface portions of the pier and all repairs were made to restore the pier to its predisaster condition.
- Project Alternatives:** FEMA has considered the no-action alternative and has found that taking no action would not be practicable. The project repaired structural, utility, and safety features designed to protect human life at the frequently visited pier. Alternate locations were not considered as the pier is functionally dependent upon its location within the floodplain. The facility also provides open space uses for recreation.
- Comments:** This will serve as the final public notice regarding the above-described action funded by the FEMA PA program. Interested persons may submit comments, questions, or request a map of this specific project by writing to the Federal Emergency Management Agency, Region 4, 3003 Chamblee-Tucker Road, Atlanta, Georgia 30341 or by emailing FEMA-R4EHP@fema.dhs.gov. Comments should be sent in writing with the subject line FL-4283-PW-00889, City of Daytona Beach at the above address within 15 days of the date of this notice.
